IMPORTANT: Please keep ristna@weltonenter.com ALWAYS in CC.

Supply of bunkers at Riga Port outer Roads is permitted only at Anchorage area, with coordinates as follows:

57°08'82N; 023°51'60E

57°06'28N; 023°56'01E

57°05'08N; 023°53'71E

57°07'61N; 023°49'29E

Please note, that radio contact with Vessel Traffic Service Center (VISC) of the Port of Riga should be established as soon as possible before proceeding to Riga Roads.

VISC should be contacted by Channel 9 and 16 in VHF frequency. Call-signal - "Riga Vessel Traffic", phone number: (+371) 67082035.

VISC operates 24 hours.

IMPORTANT REMARKS:

- Due to safety reasons we hold the right to suspend bunker supply operation should the weather conditions worsen.

- Quantity of delivered bunker is determined by certified flow-reter only. Sounding of tanks is deered to be inaccurate due to rough sea condition.

Should you have any notes/questions please feel free to inform.

Please confirm safe receipt of this message accordingly.

Best regards,

Alexander Suhorukov
